

Wind of Change – Sharing is Caring

How to Improve Research Data and its Benefits in the
Life Sciences

16.02.2023
15.00 - 17.00 h

Universität Bremen,
Room NW2 C0290 (Hörsaal 1)

Presence event
with zoom option

Meeting-ID: 812 3227 9619
Password: 092856

Data-driven decisions in the life sciences have an immense impact on the well-being of humans and the environment, as well as on the development of research directions. Therefore, using best practice examples, experts from different areas of life sciences will discuss the importance of data-based decisions. Expect an in-depth discussion on the challenges and benefits of cultural change related to research data governance, Open Science and FAIR principles, and their impact on the daily life of every individual.

Panelists:

Prof. Dr. Konrad Förstner
(NFDI4Microbiota),

Prof. Dr. Björn Usadel
(DataPLANT),

Dr. Barbara Ebert
(NFDI4Biodiversity),

Prof. Dr. Dagmar Waltemath
(NFDI4Health)
